

Take Is One !

today i will destroy you... i will take care of you...

i will make you feel the wings of the Great Dragon...

something never granted to me before...

then i will fly away...

i will caress you... brushing your cheeks...

with my fingers...

i will look into your eyes... because I want to see...

the color of your soul...

today more than yesterday... less than tomorrow...

and for too long... i wanted to do this...

I'll only think of you... if i didn't see you...

i would miss you even more...

oh oh oh... oh oh oh...

today I will dismantle your armor... made of rose petals and cyclamen...

being careful not to thorn me... but freeing yourself from your latent boundary...

i will take care of you...

and i will have no mercy... i will be terrible...

something never granted to me before...

then I will fly away...

i will caress you... brushing your cheeks...

with my fingers...

i will look into your eyes... because I want to see...

the color of your soul...

i will kiss you softly on the cheek...

i will rest my forehead on yours... trying to read your thoughts...

without disturbing your secrets... or your plans...

i will kiss you passionately... with all the love i know how to give...

as if you were a candy...

i want to know everything about you...

about your taste... about your scent...

i feel that you like it... because you desire it too...

or maybe i'm wrong?... but i don't think so...

hahahahaha...

and by an immanent combination...

as Great Dragon... i won't ask for more...

i'll take your hands... holding them in mine...

i'll wrap you up... caressing you as I know how...

and i'll make you fly away with me...

i'll lead you into my immaculate garden...

so I can give you a dream... all your own...

thanking... i don't know who... for this privilege...

for this unexpected gratification...

but no less sincere and respected...

a gift granted to me by Wisy... my beloved wizard...

who knows my absolute need...

to love in order to live... to love in order to live... to love in order to live...
